

GRADUATE RESEARCH ASSISTANTSHIPS IN TURFGRASS SCIENCE

The Department of Horticulture, Forestry, and Recreation Resources at Kansas State University is seeking qualified and motivated MS or PhD students for immediate openings in turfgrass science. Potential research topics are flexible, and could include integrated weed management, turfgrass fertility, or irrigation management and water conservation. Annual stipends are competitive. Additional information on the graduate program and application materials for admission can be obtained by visiting www.hfrr.ksu.edu and www.ksu.edu/grad/.
